

# SOZAN HAMA KAKA

FRONT - END WEB DEVELOPER

## PROFILE

I am a qualified front-end web developer with strong creative and analytical abilities. I am highly capable and imaginative, displaying a proactive mindset and a drive for learning new tools and technologies. I adapt easily to new work environments, embrace challenges, and focus on achieving results. I am a collaborative team player with keen attention to detail.

## EXPERIENCE

### TEACHER

At Computer Science Institute/ Sulaimani Polytechnic University - Iraq

**December 2011 - December 2020**

- Teaching students in Network department courses like IT, Web design, and Network Security.
- Organize and manage the syllabuses of practical lessons.
- Establish creative, responsive, and practical approaches to learning and teaching.
- Moderating students' exams.
- Laboratory administration, making sure the laboratory works appropriately for the students.
- While teaching, I acted as a translator from English to Kurdish for the students since our Greek teacher didn't speak their language.

### HEAD OF PROJECTS AND FUND UNIT

At International Relations Office/ Sulaimani Polytechnic University - Iraq

**April 2019 - August 2019**

- Supervising the academic agreement between universities.
- Supervising gaining funds.
- Organizing and participating in the event of the International Relations Office.

### CUSTOMER SERVICE TRAINER

At Sulaimanyah Reform Prison as VOLUNTEER - Iraq

**September 2017**

- I volunteered my free time to provide customer service training in a reform prison for underage prisoners.
